Álbum: Private Music - 2025

Cruise out in style, well, it?s safe
Come stepping out proud from the gates
Symbolize the truth
We exist inside of this tribe
We know our place locked in
chorus
Join our parade or be left out
Join the parade or feel left out
verse
Arise from the pools
Curate your spot while staring up at god from the water
Rising, getting closer to the truth
Locked in step, feeling crowd, locked in
chorus
Join our parade or be left out
Join the parade or be left out
And you feel it (feel it drain through your body)
I can feel it (I can feel it)
Can you feel it? (Can you feel it?)
verse
Collapse in your room preparing your strength
The power you feel from the contact
So in love with the calm and the chaos
Closer to god, closer to space
Locked in
chorus
Join our parade or be left out
Join the parade or be left out
And you feel it (feel it drain through your body)
I can feel it (I can feel it)
Can you feel it? (Can you feel it?)
