Álbum: Private Music - 2025

Just say you're down (down)
And pull me close
Hold on to me
Face the crowd (crowd)
Take hold of me
Hold me tight (hold me tight)

Last time adorning the stage
A final wave and bow

Raise your glass high
Here's for the years
A thousand dreams (dreams)
Face the crowd (crowd)
Keep holding me
Close and tight (close and tight)

Last time adorning the stage
With love, we've chased and found
The last ride we're gonna take
Our final wave and bow

All of those nights, all of our dreams, all of these years
All of these times, all of our dreams, all of your cheers

I'm releasing
We are afloat
Keep a hold of me here
As long as you can

All of our dreams, all of these years

Last time adorning the stage
A love we chased and found

The last ride we're gonna take
A final wave and bow

Last time adorning the stage (all of those nights, all of our dreams, all of these years)
This love we chased was found (all of those nights, all of our dreams, all of your cheers)
Last ride we'll ever take (all of those nights, all of our dreams, all of these years)
Our final wave and bow (all of those nights, all of our dreams, all of your cheers)
