Álbum: Private Music - 2025

It's starting to give
Past, present tense
Our memories split
One is up, one is down
One is lost, one is there

Constants and zeros
Form a time void through us

Recurring events
Now reappear
Time has started to tear
One is up, one is down
One is lost, one is there

Constants X zeros
Form this mind warp through us

Our thoughts reappear
As lost time again
It's starting to give
One is up, one is down
One is lost, one is there

One it stayed correct
One is strange and off time
One it stayed correct
One is way out of time

Constants and zeros (one is up, one is down)
Form this mind warp through us (one is up, one is down, one is there)
