Bloody rain
Floods these streets, came falling to the Earth
Run away
A thunder hangs above me like an eye

Holy Ghost
I'm on fire
Holy Spirit
I'm on fire

Blows a wind
It fills and quakes the houses from above
Wide awake
Burning out the foxes from the vines

Holy Ghost
I'm on fire
Holy Spirit
I'm on fire

A display
Tongues of fire against the night
The display
Ignites your mind (ignites your mind)

Feel the waves
Crash against the concrete from below
A new wine
Intoxicates you slowly out of time

Holy Ghost
I'm on fire
Holy Spirit
I'm on fire

A display
Tongues of fire against the night
The display
Ignites your mind (ignites your mind)

Holy Ghost
I'm on fire
Holy Spirit
I'm on fire (I'm on fire)
Holy Ghost (save, save, save)
I'm on fire (save, save, save)
Holy Spirit (save, save, save)
I'm on fire (save, save, save)
I'm on (save, save, save)
I'm on fire (save, save, save)
Holy Spirit (save, save, save)
I'm on fire (save, save, save)
I'm on
Fire
